ARTIST/CRAFTSMAN TO GIVE WORKSHOP AT GOULD, FRIDAY

Gerry Williams, well-known artist and craftsman, will spend Friday, Feb. 26, at Gould Academy giving a workshop in Photo-Resist. This is a method of fixing photographic images on pottery. Since Mr. Williams is still developing and improving the techniques for his new process of photo-resist, the day he spends at Gould should be an exciting experimental studio. This is Mr. Williams' third workshop at Gould.

Rachel Keniston of Newport is spending this week at the home of her parents, Mr. and Mrs. Robert Keniston.

SING-OUT BOSTON TO PRESENT ALL NEW "UP WITH PEOPLE!" AT TELSTAR MARCH 13

Sing-Out Boston will present an all-new "Up With People!" production at the Telstar Auditorium on Saturday, March 13, 8 p. m.

"Up with People!" is an explosion of sound through music, the sound of communication! Throughout the world "Up with People!" is spreading their belief that people are all that man has wanted them to be and more.

Through their music and choreography, Sing-Out Boston is trying to give to their audiences the idea that people can do anything if they try—not only in the physical or materialistic sense of the word but also on an emotional level. The idea is basically this: the feelings and reactions of one human being toward another is an important factor in the well-being of man's life. In order for people to live together on earth, there has got to be the realization that all people are human and would like to be treated as such. Well, Sing-Out through "Up with People!" is trying to "tell" others that this realization will only take place when people start to examine their own

thoughts. Thus they will find out what amount of respect they must have for others for what they are.

All in all, Sing-Out Boston cannot go it alone. They need your help and the best help anyone can give is by just listening to them and talking to them after their performance. Won't you come?

Letters to the Editor

February 24, 1971

To the Editor:

In response to the letter written by Ruth Tibbets published in the Feb. 18th edition of the Bethel Citizen, I am very disturbed at her reasoning of why we should not have friendly relations with the Special Forces Troops that were training in the Bethel Area.

I also talked with some of the Special Forces men. Many of these young men are only fulfilling military obligations that all men have.

They do not see themselves, their duty, or the general work of their forces as evil as Miss Tibbets has implied.

As for being friendly to these men, what about our reputation for being a friendly state? When my brother, who is also in the service, goes to a completely different place, I hope that the people will treat him as nicely as most of the people in this area treated those men.

I do not agree with all the policies of the army, but why should decent, friendly people take it out on men who have no connection with the policies that are made by a few?

If these men make a second trip to this area, I intend to be as friendly and helpful to them as possible.

Sincerely,

Jeanne Merrill

Town meeting is a week away. We hope the townspeople will make an effort to attend as this is where your property tax originates from. Consider carefully what is necessary and what is not when you vote.

You are the ones who make a high tax or a lower one by your votes on raising money to carry on—not your Selectmen. Do your bit and pay your taxes to help support your town.

GREENWOOD CITY**Mrs. Colista Morgan, Corres.** —

The Selectmen have been notified that the town's share of the school budget for M. S. A. D. 44 for 1971 is \$35,499.41.

This figure is some \$1,200 less than the original budget proposed by the directors and approximately \$1,240 less than Newry's share of the 1970 budget.

The original M. S. A. D. budget for the towns of Andover, Bethel, Greenwood, Newry and Woodstock was cut some \$33,000 at the annual District Budget meeting held at Telstar Regional High School Feb. 16.

The town budget proposed by the Selectmen totals \$39,215.44 which is \$461 less than last year. It has been suggested that an additional \$533, for State Aid Construction be appropriated. This would be matched by the State 2 to 1, and be used together with the Town Road Improvement Fund to be expended on the Bond Road.

This would make a total budget of \$45,247.85 compared to \$46,467 for the fiscal year 1970.

Under the 1970 assessed valuation this would mean a reduction of two mills in the tax rate, which was .080 last year.

Mr. and Mrs. Anthony Pugliese, South Portland, called on Mr. and Mrs. George Learned, Saturday.

Walter Enman, Otisfield, called on friends in town one day last week.

Mrs. Helen Hart expects to go to Berlin Tuesday to an oculist to have her glasses changed as she is having bad time with her eyes.

made a fascinating carpet from my feet to its base.

Turning to continue I suddenly found myself getting a much closer view of these planes and parachutes for I was flat on my stomach. It always happens when I forget for a moment that I'm on snowshoes. I got up easily; thanks to the crust, without removing my "shoes."

I followed the edge of the ridge for some time before I turned back.

There was a swoop of wings as a large bird disturbed by my presence glided away. It was probably the owl that we hear so often in the swamp during the evenings or on a night when the skies are brilliantly clear. Its call is most thrilling and most fearful as it comes vibrating and awe-inspiring. It is soft yet deeply penetrating. If it had been night with no sound other than the rustle of a light breeze through the tenuous oak leaves and the scattering of bright stars twinkling through the branches his voice would have questioned my right to be there; calling whoo-whoohoo.

In walking the winter forests one finds the quietness or music that broods over the countryside.

Across the pond and far into the forest I traveled. To me the winter silence is not frightening. It may mean the approaching of a storm but for a brief period there is quiet and peace.

The wind freshened on the winter landscape before my return. I could hear it in the tree tops gusty and sharp edged. The trees creaked as I stopped to listen. But here beneath them, all was calm.

The sun reached this woodland and shone upon some of the huge granite boulders ahead; bits of Nature's masterpieces revealing the intricate patterns of their formation.

My eyes drifted to the foreground where one stood boldly by itself and I noted a young dwarfed spruce struggling to reach above it.

Far up the hill which I couldn't climb because of the slippery crust, I saw galleries of abstract forms made by the still cold hours, crystal needles rare and beautiful in criss cross patterns, ribbons of lace and drooping ice formations.

Beneath this was a brittle kind of lichen, a dead stick, gray above greenish below while tiny seeds resembling planes and parachutes

Mr. and Mrs. David Stuart and family of Yarmouth are spending this vacation week at their camp here and enjoying skiing.

This community was saddened Sunday to learn of the death in Arizona of Mrs. Winnie Logan, a loving friend and kindly neighbor for sev-

eral years who will be greatly missed by all who knew her—to know her was to love her. Since sympathy is extended to her family.

Neighbors and passersby were shocked Monday morning to see the Songo Pavilion collapsed under the weight of the heavy snow. For the first time since it was built, none of the snow had slid off, probably due to the extremely cold weather during the whole month of January.

Mrs. Carl Meaux and children of Winslow spent the week end with her parents, Mr. and Mrs. Earlon Keniston.

Mrs. Donald James is out again after a severe bout with the flu bug. David Anderson spent a few days over the week end with his grandfather, Elmo DeDene in South Paris. Roberta Anderson is staying nights this week with her aunt, Mrs. Maxine Libby in South Paris, and on a baby-sitting job days.

Robert Anderson is at home for awhile as work is slack at the shoe shop where he works in Norway.

Mr. and Mrs. Ralston Bennett of Lovell, Mr. and Mrs. Earlon Keniston, Mr. and Mrs. David Stuart of Yarmouth were callers Sunday at Ralph Kimball's.

LUCKILY, CHILDREN

HEAL VERY QUICKLY

In an elderly person any broken bone can be a

cause for alarm for it heals so very slowly. On the other hand, in the very young, broken bones heal so quickly and easily that there is often no need for a cast.

Perhaps the most common bone broken in a

young child is the "Clavicle" or collar bone. If the break is not very bad a shoulder strap for 3-4 weeks is often sufficient. The child is usually unaware and unconcerned that he is wearing it. If it should start to rub a bit your physician can recommend an adjustment that will help. It is important to contact a physician quickly if there is any possibility of a broken bone.

Due to the increased number of prescriptions and

in order to keep up good service, it would be to our

mutual advantage, if you would please phone in re-

fill prescriptions. — Thank you.
